

# SUMMIT ON GLOBAL CHEMICALS & PETROCHEMICALS MANUFACTURING HUBS IN INDIA

11-12 November, 2019 | Grand Hyatt, Mumbai

Celebrating Indian Chemical & Petrochemical  
Industry's Remarkable Journey

**SUMMIT ON GLOBAL  
CHEMICALS & PETROCHEMICALS  
MANUFACTURING HUBS IN INDIA**

11 -12 November, 2019 | The Grand Hyatt, Mumbai

Department of Chemicals & Petrochemicals  
Govt. of India

# Introduction

Organised by the Ministry of Chemicals and Fertilizers, in association with Federation of Indian Chamber of Commerce and Industry (FICCI), the first global summit of its kind brings onboard ministries and departments, national and international corporates, central public sector enterprises, state governments and industry bodies to chart the roadmap for India becoming a global manufacturing hub of chemicals & petrochemicals.

**Narendra Modi**

Prime Minister of India

We do not speak much about chemicals & petrochemicals, but they exist invisibly and touch many aspects of our daily life. This includes building materials, plastics and paints, footwear, clothing, auto-motive parts, cosmetics and medicines. However, most of these chemicals are imported from other countries. It is our endeavor to see that these chemicals & petrochemicals are manufactured in India.

**D. V. Sadananda Gowda**

Minister for Chemicals & Fertilizers  
Govt. of India

The Indian Chemicals & Petrochemicals Industry is on the path of massive expansion. It touches our daily lives every day. Whether it is buildings, agriculture, retail, automobiles or medicines, chemicals are crucial to every aspect of life. Currently the industry relies on foreign imports to a great extent and it is our vision to unleash its true potential in domestic manufacturing.

**Mansukh Mandaviya,**

Minister of State for Chemicals and Fertilizers  
Govt. of India

The Summit on Global Chemicals & Petrochemicals Manufacturing Hubs in India is a worthwhile initiative to acknowledge the impressive growth of Indian Chemical & Petrochemical Industry. It is a platform for the global industry leaders, governments stakeholders and policymakers to come together, discuss pertinent issues and chart a roadmap for the Indian Investment Regions to emerge as vibrant global hubs.

## Session -1 Investment and Policy

### ***Making India a global manufacturing hub for chemicals and petrochemicals***

Stakeholders and policymakers will share success stories and future opportunities in Petroleum, Chemicals and Petrochemicals Investment Regions (PCPIRs) and discuss their role in developing India into a chemical and petrochemical manufacturing hub.

The session will also have discussions on investment potential of bulk chemicals, petrochemicals, plastics, specialty chemicals, crop protection chemicals and brainstorming on proposed incentives.

## Session -2 PCPIR Infrastructure

### ***Building assets for the country***

The session will delve into the role of Central and State Governments in infrastructure development as well as the status of basic common utilities developed by various agencies.

The session will also witness stakeholders assess infrastructure gaps and discuss upgradation plans as well as scope of auxiliary plant and utility service providers.

## Session -3 Feedstock

### ***Ensuring optimum availability***

The session will witness policy makers and industry captains discussing the ways and means to enhance feedstock supply to the industry in pursuance of the Central Government's endeavour to balance the dependence on imports.

The agenda of discussions also includes scope of integrated petroleum and petrochemicals units to improve Naphtha supply in the domestic market, raw material distribution/sharing plan with anchor tenants and understanding the scope of transporting liquified Ethane & its viability for respective major clusters and PCPIRs.

Stakeholders will also come together to discuss consequences of US Shale Gas revolution and its impact on India besides highlighting investments in non-traditional business modes such as Propane Dehydrogenation (PDH) units, methanol-to-olefins (MTO) process and coal-to-olefins (CTO) process.

## Session -4 Downstream industry

### ***Unleashing the true potential***

This session will have policy makers and industry representatives assessing demand – supply of building blocks in respective PCPIRs, identifying the enabler (refinery cum petrochemicals complex) for the downstream petrochemical units as well as the potential of downstream industry and its linkages with other industries.

Investment potential in various downstream segments is also on top of the session agenda.

## Session -5 R&D and Skill Development

### ***Building an innovative and skilled India***

The Central government has been focusing on enhancing research and skill development, therefore, this session will be dedicated to assessing the progress in research, scope of technology transfer, role of CIPET and its future plans as well as technology gaps and the way forward.

On the skill front, stakeholders will discuss about development made in the sector through knowledge sharing, role of corporates and key initiatives in the sector.

## Session -6 Alternative, Cutting-edge and Sustainable Solutions

### ***Sustainable solutions for a New India***

The final session of the summit will have policy makers and industry representatives discuss cutting-edge technologies in chemicals and petrochemicals, advanced processing of plastics materials and plastic waste management.

The session will be concluded discussing Circular Economy for enhancing productivity and sustainability.

# Sponsorship Category

## Platinum Sponsor

**INR 35 Lacs/60000 US\$**  
(EXCLUSIVE) \*18% GST is extra.

- Allocation of 8(2\*4) sq. mtrs of Exhibition Space (Built-Up) in Exhibition area.
